**CLAIM 44, line 13:** delete "2.7%" and insert --- 5.4% --- .

**SPECIFICATION PAGE 1**, immediately below the title and before the first line, insert the following continuation data -----

This application is a Continuation Application of PCT/CN99/00055, filed on April 16, 1999. ----- .

It is noted for the record that Form PTOL-37 from the previous Office action indicated that all certified copies of the priority documents have been received "in this national stage application from the International Bureau ...." See Box 12 (a)(3) of said form, the Office action of 4/1/2005. However, it turns out this was a mistake. Actually, this application is not a national stage application. Rather, this application is a Continuation application of the PCT application. Therefore, the priority document was

not supplied by the International Bureau. The Chinese foreign priority document has been obtained, and it is being made of record with this Office action.
